Detailed Lighting Breakdown & Creative Strategy

11:15 – 13:30 | MORNING DIFFUSED AMBIENT LIGHT

Indoor Preparation & Ceremony Capture

This phase completely utilizes soft indoor window light. By keeping Becca & I inside for the preparation and moving directly into the beautiful interior spaces of The Scott Hotel for your ceremony, your photographs are fully shielded from flat or potentially harsh midday outdoor winter shadows.

13:40 – 14:40 | EARLY LIGHT DECAY & VALLEYS

Venue Grounds & Stockbridge Cobbles

Visiting Dean Village and Circus Lane first post-ceremony is mathematically vital. Because these areas sit lower topographically, you capture them while the winter sun is high enough to penetrate the streets before heavy architectural and cliffside shadows plunge them into early cold grey tones.

14:55 – 15:30 | PEAK DEEP GOLDEN HOUR

Riddle's Court, Victoria Street & The Vennel

The ultimate outdoor portrait window. The winter sun skims completely horizontally across Edinburgh, warming the bold storefronts of Victoria Street and bathing your historic stone-walled portraits in rich, rich amber tones without casting shadows under the eyes. Perfect for high-end couples portraiture.

15:35 – 15:55 | MAGIC CIVIL TWILIGHT (15:44 SUNSET)

Princes Street Gardens Sky Framing

Positioned exactly around the 15:44 sunset. Standing in the wide open profile of the gardens ensures the camera catches the scattering of violet, pastel pink, and deep indigo across the sky, contrasting perfectly with the rising artificial spotlights of Edinburgh Castle's silhouette.

16:00 – 16:15 | HIGH-FASHION EDITORIAL NIGHT LIGHTS

The Dome Christmas Display

Total natural darkness takes over, enabling your photographer to deploy creative off-camera flash kits. This technique makes Becca & you pop crisply and sharply in the foreground while completely turning the background into a beautiful, twinkling festive bokeh of thousands of fairy lights.

Driver Logistics & Transit Blueprint

Note for Driver: Central Edinburgh historic areas feature strict turning limits, cobblestone dead-ends, and pedestrian-first corridors. Please follow these pinpoint instructions strictly to avoid timeline lag during critical light windows.

12:10 DROP — PICKUP 1

Kimpton Charlotte Square to The Scott Hotel

Pickup Point: Hotel main entrance canopy (38 Charlotte Square, EH2 4HQ). Please ensure private coach/cars are idled and ready by 12:05 for rapid mass loading of Becca & I and staying guests.
Drop-off Point: The Scott Hotel main loop (18 Holyrood Park Rd, EH16 5AY). Pull directly up into the Pollock Estate private driveway loop to avoid road bottlenecks.

13:55 DROP — LEG 2 (DEAN VILLAGE)

The Scott Hotel to Bell's Brae

Drop-off Point: Bell's Brae head (overlooking Water of Leith Bridge). Do not attempt to enter the lower resident-only village loop roads. Execute a tight rolling drop-off at the bridge-head, then clear the lane moving toward Stockbridge.

14:40 PICKUP — LEG 2 (CIRCUS LANE)

India Street Pickup to Old Town

Pickup Point: India Street (at the absolute foot of Circus Lane). **Strictly avoid entering Circus Lane itself** as it is a cobblestone cul-de-sac with no turning space. Idle facing south on India Street, ready for an immediate boarding at 14:40.

14:55 DROP — LEG 3 (OLD TOWN)

City Chambers Quadrangle Entry

Drop-off Point: City Chambers Quad/Lawnmarket. Due to Royal Mile Experimental Traffic restrictions, if access is physically barred, immediately route to the dedicated **Johnston Terrace turning circle/Blue Badge bays**. Drop off smoothly there so Becca & I can easily slip straight through to Riddle's Court courtyard.

15:30 PICKUP — LEG 3 (THE VENNEL)

Heriot Place Loop to Princes Street

Pickup Point: Heriot Place turning loop (accessed strictly via Lauriston Place moving northwest). Pull up safely against the fixed bollards at the absolute top step of the Vennel stairs. Becca & I will emerge directly up the steps to the car door.

15:35 DROP & 15:50 PICKUP — LEG 4 (THE GARDENS)

Princes Street (The Mound) to George Street

Drop-off/Pickup Point: Princes Street at the Mound (outside the National Galleries entrance). Provide a swift rolling drop-off at 15:35, clear the area, and return to idle securely at the exact same location at 15:48 for the final jump over to George Street.
Final Destination: George Street, directly outside **The Dome (14 George St, EH2 2PF)**.
